

fishcommex.com provides Traders with the facility to seamlessly integrate services with their transaction. These services are provided by approved and registered 3rd parties, who are contracted by Buyers or Sellers through the links below, and include the following (click through):

- Freight / Delivery
- [Forwarding / Clearing Services](#)
- Cold Storage
- Processing of product (blast freezing, packaging, etc.)
- Supplies (Ice; bait etc.)
- Supply of Bait
- Other Services

The fishcommex Trader, (Independent Boat Owners, for example), can now independently contract services through fishcommex. This further assists Traders in achieving a transparent Market-related deal, free of any restrictions.

Service Providers are able to offer their services to all new and existing fishcommex Traders, at their specified rates. In order to do this Service providers must do the following:

- 1 Register with fishcommex.com
- 2 Submit a bid for the appropriate section and space required.
- 3 Submit the appropriate material in the specified format for the advert (this must show transparent rate information). This advert will run for the selected period, and the Service Provider must ensure a new bid is received within the month prior to the expiry date.

All Service Providers must have appropriate insurance cover for risks associated with the service, to cover potential client loss. This is a condition of Service Provider registration on fishcommex.com.

All successful bids for adverts, are payable to fishcommex.com in advance, before the adverts are displayed.
